

**AMENDMENTS TO THE CLAIMS**

**This listing of claims will replace all prior versions and listings of claims in the application:**

**LISTING OF CLAIMS:**

1. (currently amended) A method, to provide a service to a user in a telecommunication network, comprising:

~~wherein said method includes the step of requesting access by said user to said telecommunication network in order to provide thereby an access request, characterized in that; and~~

~~said method further includes the step of providing, by a notifying service provider to said user, a notification which includes a capability to accept a service of an offered service provider different from a service of said notifying service provider.~~

2. (currently amended) A service provider, to provide a service to a user in a telecommunication network, characterized in that~~comprising~~:

~~said service provider includes a notifier to provide a notification to said user, said notification including a capability for said user to accept a service of an offered second service provider different from the service of said service provider.~~

Amendment under 37 C.F.R. § 1.111  
U.S. Application No. 10/026,768

3. (currently amended) A service provider according to claim 2, ~~characterized in~~   
~~thatwherein~~ said service provider is associated to ~~said-an~~ access subnetwork, whereby a virtual environment is identified with said service provider and said access subnetwork.

4. (currently amended) A service provider according to claim 3, ~~characterized in~~   
~~that-wherein~~ said service provider is also constituted by said offered service provider.

5. (currently amended) A service provider according to claim 3, ~~characterized in~~   
~~that-wherein~~ said offered service provider is constituted by a home service provider of said user.

6. (currently amended) A service provider according to claim 3, ~~characterized in~~   
~~thatwherein~~ said service provider is also constituted by a home service provider of said user, whereby said virtual environment is constituted by a virtual home environment of said user.

7. (currently amended) A service provider according to claim 2, ~~characterized in~~   
~~thatwherein, in the event~~ when said service provider is not associated to ~~said-an~~ access subnetwork-~~(SUB-M2-M)~~, said service provider is also constituted by a home service provider ~~(SP-H)~~ of said user.

8. (currently amended) A service provider-~~(SP-H)~~ according to claim 7,   
~~characterized in~~ ~~thatwherein~~ said offered service provider-~~(SP-V)~~ is associated to said access

Amendment under 37 C.F.R. § 1.111  
U.S. Application No. 10/026,768

subnetwork ~~(SUB-M2-M)~~, whereby a virtual environment is identified with said access subnetwork ~~(SUB-M2-M)~~ and said offered service provider ~~(SP-V)~~.

9. (canceled)

10. (currently amended) A telecommunication network comprising:  
including at least one service provider to provide a service to a user in said telecommunication network, characterized in that and  
said service provider includes a notifier to provide a notification to said user, said notification including a capability for said user to accept a service of an offered service provider different from the service of said service provider.
